INTRODUCTION

The solar plexus chakra is related to Pluto. No wonder we feel like we have been punched in the stomach when Pluto makes itself known on our charts! Certainly the first few times we feel its power, we experience the destructive force of this planet. Along with destruction and death, however, we also find transformation. Pluto may signal the death of desire or the death of the personality, but never the death of consciousness. In fact, Pluto indicates the times when we mobilize our will and power to gain awareness and understanding.

The truly remarkable moments in your life are all about transformation. You will read about extrasensory powers and hidden talents associated with Pluto in your birth chart, and you will learn when and how those abilities can unfold. As Pluto moves through your chart to ignite your desire for transformation, hidden abilities arise from invisible planes. You learn to be a locus of effective action in a world governed by change.

We all have periods in our lives when nothing seems to go as planned. Pluto tests you along the path of life. As you experience his energy, you find that your soul is impacted by Pluto far more than your personality ever could be.

You actually feel the onset of Pluto's energy months or years in advance of the astrological indicators. You feel conflicts associated with power and will well before you are forced to make decisions, and you feel the impact of those decisions long after you have made them.

GROWING YOUR SECRET ABILITIES

During your life, Pluto moves through sections of your chart to charge up your life in dramatic ways. You experience major shifts in focus, indicating changes in personal outlook and the accompanying events that set the tone for long periods. These changes reveal some of the most profound differences from other people in your age group.

Interestingly, not every Pluto contact generates incredibly thrilling or chilling events. There are times in your life that you have deeply personal 'takes' on life, and there are times when you are challenged to transform your emotions, your ideas, and your goals. You sometimes find yourself in exactly the right place at the right time. You sense the power around you and you can flow with it easily. Finally, there are golden moments when you see opportunities. You may even get two chances at some of these opportunities.

Occasionally, Pluto drags to the surface all that hinders you. These are probably the times when you gain the most from personal examination. Although difficult, these poignant lessons actually provide you the chance to exercise your will and consolidate your personal power. One thing about Pluto events - once you have learned the lesson, you will not soon forget it! Your life changes for the better each time you clear up old karmic business and turn your attention to the future.

Note that the report repeats certain interpretations. This occurs because Pluto appears to go backward in the sky for a period of time each year. The first time you see an interpretation, you get an idea of the theme. The second time you perceive the problems involved, and the third time you have hopefully resolved some of the issues and can look forward to the reward, which will carry you forward. For the Milestone aspects in particular, the effect will carry forward until the next milestone several years later.

Pluto semi-square Mercury, 14 Mar 2010 & 30 Apr 2010 (29 Jan 2010 - 19 Jun 2010)

Your tendency to internalize whatever you perceive, whether psychically or via the ordinary senses, places you squarely in position to sharpen your psychic abilities. It's easy for you to open to energy currents around you, and you may even learn to use them to move objects.

Direct mind transmission is the ability to receive teachings from Tibetan lamas or other teachers directly without hearing or seeing the words. Some people report that they are not aware of the transmission, yet the

teacher indicates that it took place.

Pluto quintile Neptune, 22 Jan 2012 (24 Dec 2011 - 26 Feb 2012)

You can attune to the supernatural simply by being yourself, meditating to clear your mind and heart, and opening your imagination to myriad possibilities.

Clairvoyance is a broad term denoting the ability to perceive information about people, things, or the future through other than ordinary senses. By paying attention to subtle insights, you cultivate all your psychic abilities.

Pluto quincunx MidHeaven, 2 Feb 2012 (3 Jan 2012 - 18 Mar 2012)

As your self-awareness increases, you become more aware of the psychic energies that impact your daily life. You also discover ways to insulate yourself so you can use the energy instead of feeling used by it.

Faith healing is a power that depends to some degree on the compliance of the 'patient.' You are capable of both convincing others that you have this healing power, and also laying on of hands to heal another person. Reiki and Ki healing are examples.

Pluto semi-square Mars, 21 Feb 2012 & 31 May 2012 (18 Jan 2012 - 12 Jul 2012)

Bottled-up feelings derail your psychic awareness and cause you to act in a harsher manner than you intend. Contemplative practice helps you to moderate those feelings, but also allows you to acknowledge them consciously.

Regression is a trained ability to recover past life information for yourself or your client. You can learn techniques to move through time while remaining attuned to the soul whose past you seek to understand.

Pluto sextile Saturn, 26 Feb 2012 & 26 May 2012 (22 Jan 2012 - 7 Jul 2012)

On the spiritual side, your abilities stand a better chance with private contemplative practice to reduce the

psychic 'noise' in your environment. Maintain an open mind along the way, as your beliefs will change as your powers develop.

You feel 'right' in some places and not in others. This is a manifestation of your ability to perceive ley lines and other energy flows directly or through the use of geomantic tools. You can use a pendulum, for instance, to identify the direction to take when you are walking.

Pluto semi-sextile Sun, 10 Jan 2013 (12 Dec 2012 - 9 Feb 2013)

Psychic growth is possible. You can, through study, learn all you need to know in order to gain psychic strength. Practicing your skills can be stressful at times, but results prove the efficacy of practice and study. As you integrate your psychic talents, you perceive how they work with your ordinary senses.

A good way for you to develop your clairvoyant abilities is divination using flames, often candle flames or campfires. Be focusing on the moving flames, you see past them into other places or times.

Pluto semi-sextile Venus, 10 Jan 2013 (13 Dec 2012 - 10 Feb 2013)

Love is all around you, yet you may have a hard time perceiving and defining love in your life. Focus on creative arts that involve direct physical activity. That way you learn to sense the energies closest to you.

You can develop your capacity to hear sounds or voices at tremendous distances or in impossible circumstances. This talent sometimes includes direct mind transmission from teachers or beings from distant stars like the Pleiades.

Pluto trine Ascendant, 27 Jan 2013 (29 Dec 2012 - 6 Mar 2013)

Charisma becomes an active facet of your personality. You seek power through the use of your hidden abilities. Psychic awareness puts you ahead of the game in most social situations, and intuition foreshadows the future.

Channeling allows a message to pass through your body and mind. You not only are not the creator of the message, you do not interpret it either. You simply speak it to share it with other people. Your channeling may also include openness to universal energy for healing, as in Reiki healing.
